KLVrent selects UTA Edenred mobility services

- **Through the partnership KLVrent customers can now access UTA Edenred's extensive acceptance network and mobility offerings**
- **Co-branded service card created for the cooperation**

Kleinostheim, Germany – UTA Edenred, a leading mobility service provider in Europe and an Edenred company, has won KLVrent as a new partner. The largest brand- and group-independent commercial vehicle rental company in German-speaking regions is offering its customers a co-branded UTA Full Service Card through which they can access 70,000 UTA acceptance points in 40 European countries as well as the company's portfolio of mobility services.

KLVrent customers can now fuel their vehicles with both premium and discount providers, regardless of brand and without cash; and access UTA Edenred's rapidly expanding e-charging network for electric and hybrid vehicles. In addition, they can leverage UTA Edenred road services to stay mobile at all times, from toll settlement and repair to breakdown and towing.

Thomas Eberl, Managing Director at KLVrent, who also serves as Managing Director of the Eberl haulage company, says: "We intend to continuously expand and develop KLVrent's service offering for commercial vehicle fleets. Having already experienced the benefits of UTA Edenred's tolling services in our haulage company, we are now extending the cooperation with UTA Edenred to our rental business. Through this partnership we can provide our KLVrent customers with a much more comprehensive mobility offer, including not only vehicle rental, but also refuelling in a large network and a wide variety of other services."

Carsten Bettermann, CEO of UTA Edenred, adds: "Through this partnership, KLVrent will strengthen its value proposition by giving its customers access to Europe's largest acceptance network and our complete range of digital mobility tools and service offerings."
