31 May 2023

# UTA Edenred now supports toll processing in Serbia

- **UTA Edenred customers can obtain a Serbian ENP toll box quickly and easily by presenting their UTA Card**
- **Company now provides toll processing services in 27 European countries**

**Kleinostheim, Germany** – [UTA Edenred](#), a leading mobility service provider in Europe and an Edenred company, now enables its customers to settle tolls in Serbia via Electronic Toll Collection (ETC) using an ENP (Elektronska Naplata Puta) on-board unit (OBU).

To obtain an ENP OBU, UTA Edenred customers simply present their UTA Card at select sales points of Putevi Srbije, the Serbian national toll operator. No prior order or registration is required. Tolls are billed in post-pay mode, i.e. in arrears.

The Serbian toll service includes vehicle classes 2, 3 and 4. With it, UTA Edenred makes it easier than ever for customers to use Serbia's 937 km-long toll road network. Obtaining the ENP OBU via a UTA Card not only saves time, but also simplifies administration through a consolidated invoice.

With this latest expansion of its tolling services, UTA Edenred now provides toll processing for a total of 27 European countries.

**Olaf Schneider, Director Tolls & Business Services at UTA Edenred, says:** "Our comprehensive portfolio of toll solutions is a key differentiator for our international transportation and logistics customers. The addition of Serbia, an important destination and transit market, simplifies pan-European mobility for them even further."

**Edenred** is a leading digital platform for services and payments and the everyday companion for people at work, connecting 52 million users and 2 million partner merchants in 45 countries via approximately 1 million corporate clients. Edenred offers specific-purpose payment solutions for food (such as meal benefits), incentives (such as gift cards, employee engagement platforms), mobility (such as multi-energy, maintenance, toll, parking and commuter solutions) and corporate payments (such as virtual cards).

True to the Group's purpose, "Enrich connections. For good.", these solutions enhance users' well-being and purchasing power. They improve companies' attractiveness and efficiency, and vitalize the employment market and the local economy. They also foster access to healthier food, more environmentally friendly products and softer mobility.

Edenred's 10,000 employees are committed to making the world of work a connected ecosystem that is safer, more efficient and more responsible every day.

In 2022, thanks to its global technology assets, the Group managed some €38 billion in business volume, primarily carried out via mobile applications, online platforms and cards.

Edenred is listed on the Euronext Paris stock exchange and included in the following indices: CAC 40 ESG, CAC Next 20, CAC Large 60, Euronext 100, FTSE4Good and MSCI Europe.
